## Spring Cleaning: The Upcoming Summer, And Your Yearly HVAC and Plumbing Service

### Most of us focus on deep cleaning and clearing out the garage or pantry...

Once upon a time, homes were kept warm with coal and lit with kerosene and a deep Spring Cleaning was in order to get the house in shape. Today we think about clearing out the garage or pantry; but often neglect the heartbeat of our home; The HVAC and the plumbing system.

Now is the time, as spring comes to a close, and before the heat of the summer settles in, to take care of our property! CLOVER can't help you clean or declutter, but can definitely help you maintain and protect your investment;

Clover Heating & Cooling offers a **Planned Service Agreement** and there's no better time to take advantage of the many benefits it Includes all year long than today:

- 2 OR 3 PLANNED SERVICE VISITS – no additional charge.
- FREE DIAGNOSTIC CHARGES – during normal business hours.
- PREFERRED PRICING – 20% Discount on most repairs.
- PREFERRED OVERTIME PRICING – on emergency service.

## Fast Spring Cleaning Tips For Your Home

Is your property ready for the impending heat of the summer? We've got a few quick tips to help you take care of your home.

- **Repair & Replace Window Screens**
  - Bugs and critters can find a way in through cracks, crevices, and faulty window screens. (And duct tape doesn't count as a fix!)
- **Clean Out Your Gutters**
  - Clean out gutters. They've likely accumulated leaves, grime, and sediment from the fall and winter.
- **Swap Out Those Air Filters**
  - Many homeowners completely forget about their air filters. Clogged-up air filters make your AC work harder to pull air, which can lead to needlessly higher energy costs.
